

# ENVIRONMENTAL POLICY

Miniature Precision Components, Inc. is committed to protecting the environment, and health of our employees, customers and the global communities where we work and live. We recognize that by integrating sound environmental practices into all aspects of our business, we can offer world class product quality, cost delivery and service while conserving and enhancing resources for future generations.

## *Guiding Principals:*

- ▶ *Meet or exceed all applicable federal, state, and local environmental laws and regulations, including customer or other requirements which interact with our environmental performance.*
- ▶ *Periodically evaluate our activities and measure our performance against established goals. We will actively pursue pollution prevention programs to reduce or eliminate wastes at their source and commit ourselves to continuous improvements in all facets of our environmental performance.*
- ▶ *Advocate the adoption of prudent environmental principles and practices to our vendors, suppliers, and patrons.*
- ▶ *Incorporate environmental considerations into all business decisions, including expansion, renovation, and acquisition activities.*
- ▶ *Communicate environmental policies and programs to all employees and ensure all employees are aware of their role and responsibility to fulfill and sustain our Environmental Policy.*
